Raybestos Adds 428 New Part Numbers to Line of Brake Components

MCHEMRY, III., March 29, 2017 – Raybestos® has expanded its line of premium quality brake products with the addition of 428 new part numbers this month.

The new part numbers include:

- | | |
|----------------------------|-----|
| • Brake Hoses | 86 |
| • Brake Rotors | 88 |
| • Brake Calipers | 70 |
| • Brake Caliper Assemblies | 140 |
| • Brake Cables | 28 |
| • Clutch Hoses | 10 |
| • Brake Pad Sets | 6 |

“As a dedicated top quality brake supplier, we are continuously adding new part numbers to our line of Raybestos premium quality brake products to help our customers grow their brake businesses,” said Kristin Grons, marketing manager, Brake Parts Inc. “This month alone we’ve added part numbers across all product categories to ensure our customers have optimal coverage.”

For more information on the complete family of Raybestos brake products, including disc pads and shoes, drums and rotors, master cylinders, wheel cylinders, calipers, hoses and hardware, visit www.raybestos.com.

About Raybestos Brakes

Raybestos® has been known as the best in brakes for over 100 years. With a demonstrated commitment to research, development and testing, Raybestos is widely recognized for quality brake components, including friction, rotors, drums, calipers and hydraulic products. The brand was the first to introduce Enhanced Hybrid Technology (EHT™) with its Element3™ brake pads, delivering the best attributes of ceramic and semi-metallic for optimal performance, improved pad wear and durability, and increased stopping power during aggressive braking.
