

Raybestos Launches Rev Up Your Walls Promotion

Each Kit Contains One Entry into the '69 Mustang Sweepstakes

MCHENRY, III. – June 1, 2016 – Raybestos® has kicked off the Rev Up Your Walls promotion, featuring a chance to win the newly restored 1969 Raybestos Mustang, according to Kristin Grons, marketing manager for Brake Parts Inc.

To participate in this promotion, purchase the '69 Mustang Kit (36-MUSTANGTT) from now through July 17, 2016 or while supplies last. The kit includes a limited edition Raybestos Mustang tin tacker sign, a commemorative Raybestos Mustang poster and one entry card into the Raybestos '69 Mustang Sweepstakes where a lucky winner will drive off in the one-of-a-kind Raybestos 1969 Ford Mustang featuring Element3® brake pads with Enhanced Hybrid Technology (EHT®).

“With the Rev Up Your Walls promotion, not only will customers get cool Mustang signage for their shop, but they will also receive an entry into the Raybestos '69 Mustang Sweepstakes for a chance to win the truly outrageous Raybestos '69 Mustang,” said Grons. “With the popularity of our custom-built Mustang, these kits won't be around for long. Contact your Raybestos distributor and order your '69 Mustang Kit before they're gone.”

The Raybestos '69 Mustang is painted in classic colors and striping that are true to the time and features a new Ford Coyote engine that is very similar to the one found in the modern Boss 302. Schwartz Performance installed its famous “G-Machine” bolt-in chassis and an off-the-shelf performance disc brake upgrade package, using Raybestos components and Element3 brake pads with Enhanced Hybrid Technology (EHT).
